

# Honoring Working Women

## HOW IT WORKS

Honoring working women is simply walking around to small businesses with pampering packets, entry forms, flowers if you can afford to, and a sweet treat in a cute basket with some hand creams for them to try and a "satin hands or lip set" to give away. When I walk in I let them know I am there to honor the working women for the day, and thank them for what they do to keep our small communities afloat during these difficult times.

### WHAT YOU WILL WANT TO HAVE:

- Basket
- Samples for pampering session
- Entry tickets
- Sweet treats like Werther's caramels
- Either a hand cream or fun pampering product to let them try

### HOW TO DO IT

This is a great way to meet professional women and can be done over a lunch hour. It is a great idea to dress to the 9's so you feel unstoppable and wear your best MK smile!

As you walk into a business front desk, hand out a flower to the first woman you see and Say, "Hi I am out honoring working women today, here is your flower compliments of my Mary Kay business. I also have a sweet treat for you along with a Personal Pampering Beauty pack and chance to win a \_\_\_\_\_ that I am giving (what date). Here are some slips to fill out for the drawing.

Hand them the slips and they will just fill them out vs asking if they would fill them out.
